CryoVation Releases New Catalog of Cylinder Fill Plant Equipment

FORT MYERS, Fla. (June 10, 2011) – CryoVation has released its new catalog, featuring more than 5,000 pieces of cylinder filling equipment and parts for the industrial, medical, beverage and specialty gas industries.

The catalog is available for download at the company's web site: www.cryovation.com.

It is divided into categories for each segment of the gas industry and offers a complete line of pumps, manifolds, vaporizers, control systems, medical and beverage filling systems and more. The catalog also features an extensive section for parts, including pump drive ends and cold ends, gauges, hoses, valves and tools.

CryoVation is a manufacturing firm specializing in innovative cylinder filling systems. The company, with locations in Florida, Indiana and New Jersey, specializes in whole-plant systems, system upgrades and a full line of equipment and parts tailored to the needs of the industrial, specialty, medical oxygen and beverage gas industries. For information about products, services and specialty gas training classes, contact CryoVation at (239) 337-1114 or info@cryovation.com. More information is available online at www.cryovation.com.
