

CryoVation Launches E-Commerce Site

FOR IMMEDIATE RELEASE

FORT MYERS, Fla. (July 26, 2011) – CryoVation has launched an E-commerce site, www.thecryoshop.com, offering customers secure online ordering for parts and equipment for their cylinder filling systems.

The online store offers quick purchasing of pump parts, control panel components, cylinders, electrical components, fittings, gauge, hoses, lubricants, medical oxygen equipment, quick connects, scales, tubing and pipe, vaporizers, valves and many more pieces of equipment for the industrial, specialty, beverage and medical gas industries.

The site offers discount pricing to all customers. Specific discounts that are afforded members of buying groups are built into the pricing structure. The site allows customers to easily select products by category, manufacturer or part name and also choose variations such as hose length or valve pipe thread.

CryoVation is a manufacturing firm specializing in innovative cylinder filling systems. The company, with locations in Florida, Indiana and New Jersey, specializes in whole-plant systems, system upgrades and a full line of equipment and parts tailored to the needs of the industrial, specialty, medical oxygen and beverage gas industries.
